

Allow everything
to move that
needs to move.

*Delicate balance of your
head
on TOP of your spine*

Allow everything
to move that
needs to move.

You always move better
with a smile!

Allow everything
to move that
needs to move.

Allow everything
to move that
needs to move.

LEGS are part of playing
the guitar too

Allow
everything
to move
that needs
to move.

Allow
everything
to move that
needs to
move.
